

# PRANJAL RALEGANKAR

email: [pralegan6@sissa.it](mailto:pralegan6@sissa.it)

Inspire profile: <https://inspirehep.net/authors/1498027>

Website: <https://pranjal-ralegankar.github.io/>

Citizenship: Indian

## WORK EXPERIENCE

---

### Postdoctoral Scientist

Institute of Advanced Studies (SISSA), Trieste

Oct. 2022 – present

## EDUCATION

---

### Doctor of Philosophy | *Particle Physics and Cosmology*

University of Illinois at Urbana Champaign

Advisors: Jessie Shelton and Peter Adshead

Aug. 2017 – Aug. 2022

### Master of Science | *Quantum fields and fundamental forces*

Imperial College London

Dissertation Advisor: Carlo Contaldi

Qualification: Distinction

Oct. 2016 – Sep. 2017

### Bachelor of Technology | *Mechanical Engineering* | *Minor in Physics*

Indian Institute of Technology Bombay

Jul. 2012 – May 2016

## HONORS AND AWARDS

---

### Dissertation completion Fellowship, UIUC

18 students selected across all departments for full scholarship to support last year of PhD.

2021-2022

### University Research Fellowship, UIUC

Fellowship for outstanding recent research accomplishments.

2021

### Mavis Future Faculty Fellowship, UIUC

Provides a series of workshops, seminars and activities to prepare fellows for an academic career.

2020-2021

### Imperial India Foundation Fellowship

2 students selected from all Indian applicants for full Scholarship to pursue Masters at Imperial College London.

2016-2017

### DAAD WISE scholarship

Scholarship for pursuing summer research internship in Germany.

2015

## PUBLICATIONS

---

*Author listing in alphabetical order; \* denotes papers with primary authorship.*

\*Pranjal Ralegankar. “Dark Matter Minihalos from Primordial Magnetic Fields”, [arXiv:2303.11861](https://arxiv.org/abs/2303.11861).

\*Peter Adshead, Pranjal Ralegankar, and Jessie Shelton. “Reheating in two-sector cosmology”, Journal of High Energy Physics [JHEP08\(2019\)151](#), [arXiv:1906.02755](#).

Jatan Buch, Pranjal Ralegankar, and Vikram Rentina. “Late decaying 2-component dark matter scenario as an explanation of the AMS-02 positron excess”, Journal of Cosmology and Astrophysics [JCAP10\(2017\)028](#), [arXiv:1609.04821](#).

## PRESENTATIONS

---

Seminar talk, Geneva observatory	30th May. 2023
Cosmic magnetism in voids and filaments, SISSA Trieste	26th Jan. 2023
Physics intra-area meeting, SISSA Trieste	16th Dec. 2022
Journal club, IFPU Trieste	21st Oct. 2022
Seminar talk, TIFR Mumbai	16th Sep. 2022
Seminar talk, IISER Pune	8th Sep. 2022
N3AS summer school, UCSC	1st Aug. 2022
Interconnections between Particle physics cosmology, St Louis	8th Jun. 2022
KICP colloquim, Chicago	13th May 2022
Pheno Conference, U. Pittsburgh	10th May 2022
Brookhaven Forum 2021, virtual	4th Nov. 2021
High energy physics seminar, IIT Bombay	25th Aug. 2021
Poster presentation (virtual), COSMO conference	2nd-7th Aug. 2021
High energy phenomenology seminar (virtual), IACS Kolkata	21st July 2021
Cosmology from Home conference (virtual)	25th Aug. 2020
Theoretical Advanced Study Institute (TASI) student talk (virtual)	16th Jun. 2020
Graduate student seminar, UIUC	26th Sep. 2019
High energy phenomenology seminar, UIUC	26th Sep. 2018

## TEACHING EXPERIENCE

---

Teaching assistant for Particle Physics (graduate level)	Spring 2020, Spring 2021
Teaching assistant for Particle physics of the early universe (graduate level)	Fall 2020
Teaching assistant for Quantum Physics (senior level)	Fall 2017, Spring 2018, Fall 2018
Teaching assistant for Modern physics (freshman level)	Spring 2019, Fall 2019

## OUTREACH

---

Illinois GPM (Graduate Peer Mentoring) mentor	Aug. 2018 – May 2020
Illinois GPS (Guidance for Physics Students) mentor	Jan. 2018 – May 2019
